

Miracles Happen - Small Bib Pattern

Instructions: Cut one piece (to pattern) of printed cotton fabric. Cut second piece (to pattern) of terry cloth fabric. Sew right sides together, leaving neck area open to turn. Turn bib right side out. Finish entire neck edge with double-folded bias tape, extending past edge to form ties. Iron the bib flat and sew around the perimeter of the fabric...about 1/4" from the edge. Add small iron-on applique if desired.

On
Fold

Note: Clean old terry cloth towels may be used to make these bibs.
